Professional Summary

Results-driven **Full-Stack MERN Developer** with internship experience building **production-ready, secure, and scalable web applications** using React, Node.js, Express, and MongoDB. Proven ability to design JWT-authenticated REST APIs, implement OWASP security best practices, and deploy full-stack solutions to cloud platforms. Passionate about clean, maintainable code and delivering high-impact features with real-world value.

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3, SQL

Frontend: React.js, React Router, React Hooks, Context API, Tailwind CSS, Bootstrap, Responsive Design, Next.js

Backend: Node.js, Express.js, REST API Design, MVC Architecture, Middleware, CORS, JWT

Database: MongoDB, Mongoose, MongoDB Atlas, Query Optimization, MySQL

Security: bcrypt, Helmet.js, express-rate-limit, Joi Input Validation, Role-Based Authorization

Cloud & Tools: Cloudinary, Multer, Git, GitHub, Postman, Axios, dotenv, VS Code

Deployment: Vercel (Frontend), Render (Backend), MongoDB Atlas (Database)

Experience

LISOYS Games And Apps

Full Stack Developer Intern

Pune, Maharashtra

March 2025 – August 2025

- Engineered a **production-ready MERN marketplace** (Airbnb Clone) with JWT-based authentication, role-based access control (Admin/User), and **10+ RESTful API endpoints** serving 500+ listings.
- Reduced frontend load time by **~40%** by building a fully responsive React UI with lazy loading, optimized component structure, and React Router — improving UX across all device sizes.
- Secured all API endpoints using **bcrypt, Helmet.js, Rate Limiting, and Joi validation**, eliminating common OWASP vulnerabilities and achieving zero critical security issues.
- Structured backend using **MVC architecture** and integrated Axios interceptors for automatic JWT token attachment across all API calls.

Techno Hacks Solution

Frontend Developer Intern

Pune, Maharashtra

January 2025 – February 2025

- Built a **MERN-based developer portfolio** with responsive UI, secure JWT authentication, and dynamic content rendering; deployed on Vercel with 100% uptime.
- Designed and deployed **RESTful APIs** using Express.js with structured MongoDB schemas; validated **10+ endpoints** via Postman ensuring proper error handling and correct HTTP status codes.

Projects

AI Career Platform | *React, Node.js, Express, MongoDB, Cloudinary, Claude API*

- Developed an **AI-powered career platform** featuring Resume ATS analysis, Scam Detection, and Personalized Roadmap Generation using Claude API.
- Implemented **secure role-based authentication (JWT)** with Admin/User dashboards and protected routes.
- Built **resume upload and management system** using Multer and Cloudinary for scalable file storage.
- Integrated **Nodemailer-based email system** for contact forms and notifications.
- Designed and deployed **10+ RESTful APIs** with search, filtering, and efficient data handling.
- Applied **OWASP-compliant security practices**: bcrypt hashing, Helmet.js, rate limiting, and Joi validation.
- GitHub:** <https://github.com/aniket2804m/Ai-Career.git> **Live Demo:** <https://ai-career-arev.vercel.app/>

PDF Master (Web-based PDF Toolkit) | *React, Node.js, Express, PDF-lib, Tesseract, Vercel*

- Developed a comprehensive web-based PDF toolkit offering **18+ features** including merge, split, compress, and format conversion (PDF, Word, Excel, Images, XML).
- Implemented advanced functionalities such as **OCR for text extraction, digital signatures, watermarking**, and password-based PDF protection/unlocking.
- Designed a **responsive UI with dark/light mode** and integrated search functionality to enhance user experience across devices.
- Enabled **secure file handling and direct sharing** of processed documents without requiring downloads.
- Deployed the application on **Vercel** ensuring scalability, reliability, and seamless accessibility.
- GitHub:** github.com/aniket2804m **Live Demo:** <https://pdf-master-two.vercel.app/>

Education

Siddhant College of Engineering

Bachelor of Engineering in Computer Engineering

Pune, Maharashtra

December 2022 – May 2026
